When placing an order after logging in with a registered user profile, there is no need to fill in the personal data required to complete the order again.

For more information about the personal data required for registration and how we handle the personal data you register, please see our Privacy Notice and Privacy Statement at the bottom of this website.

You can cancel your registration by sending a request to info@hollohazi1777.hu, indicating the details necessary to identify your account.

2. Selecting the goods, adding them to the basket:

From the list of goods, you can initiate the purchase of a good by clicking on the button marked with the basket symbol, which will place a good in the basket, and then you can change the number of items in the basket. Once you have placed the item you like in the basket, you can continue shopping and add more items to the basket.

While browsing and shopping, you can view the current contents of your shopping cart at any time by clicking on the shopping cart symbol in the top right corner of the page. At this point, you can continue shopping, return to a new search, or delete items from your basket. If you delete a product or add a new product, the system will recalculate the price of the product you want to order. You can add as many items as you like to your shopping cart in one purchase.

3. Finalise the order, provide the necessary personal data:

In the second step, you can enter your shipping and billing address details by clicking on the "Enter shipping details" button. To complete your purchase, you will need to enter the postal address to which you would like delivery, an e-mail address to which you can send an order

confirmation, your name and a telephone number where you can be contacted for any queries regarding your order or delivery. Please ensure that you only provide a valid, current e-mail address and telephone number on the interface. If your billing and shipping addresses are the same, please tick the Same as shipping address option and the details will be copied to the correct locations.

If you do not require home delivery and you wish to collect the goods in person at the Service Provider's showroom or at the Service Provider's showroom in Budapest, you must select personal delivery from the drop-down menu at the top of the page.

For domestic deliveries, the delivery cost is shown in the summary table, for international deliveries, the delivery cost is calculated after entering the country and the address.

Clicking on the summary button will take you to the "Summary" page. On the Summary page you can check the information you have entered so far during the purchase. You can also choose the payment method that suits you. In our webshop, you can pay online by credit card, pay by post or pay in cash if you pick up your order in person at our store.
