4. Shopping in the webshop

4.1. Selecting the goods, adding them to the basket:

From the list of goods, you can initiate the purchase of a good by clicking on the button marked with the shopping cart symbol, which will place a good in the shopping cart, and then you can change the number of items in the cart. Once you have placed the item you like in the basket, you can continue shopping and add more items to the basket.

While browsing and shopping, you can view the current contents of your shopping cart at any time by clicking on the shopping cart symbol in the top right corner of the page. At this point, you can continue shopping, return to a new search or delete items from the basket. If you delete a product or add a new product, the system will recalculate the total sum of the price of the products you want to order. You can add as many items as you like to your shopping cart in one purchase.

4.2. Finalising the order, providing the necessary personal data:

If you do not wish to add any more items to your basket, you can click on the basket symbol in the top right-hand corner of the browser to go to the basket where you can finalise your order. By clicking on the "enter delivery details" button, in the second step you can enter your delivery and billing address details. This is where you will be asked to enter the postal address to which you would like delivery, your e-mail address to which your order confirmation can be sent, your name and a telephone number where you can be contacted for any queries regarding your order or delivery. Please ensure that you only enter a valid, current e-mail address and telephone number on the interface. If your billing and shipping addresses are the same, please tick the Same as shipping address option and the details will be copied to the correct locations. If you do not require home delivery and would like to collect the goods in person from the Hollóházi brand store or the Budapest showroom, you will need to select Personal delivery from the drop down bar at the top of the page.

For domestic deliveries, the delivery cost is shown in the summary table, for international deliveries, the delivery cost is calculated after entering the country and the address.

Click on the summary button to go to the "Summary" page. On the Summary page you can check the information you have entered so far during the purchase. You can also select the payment method you prefer. In our webshop, you can pay online by credit card, or pay in cash if you pick up your order in person at our store. If you have entered incorrect information, you can correct it by going back to the previous menu. You can place your order by clicking on the "place order" button.
